*\*Please let us know if we missed someone so we can correct our records.*

**From an Eighth Grade Graduate:** *"At Holy Name, becoming a better person is one of the most important benefits. The teachers don't just tell us to become a better person; they help us better understand what we need to do and the qualities we need to be a better person. They teach you how to make decisions for yourself so you can figure out what is wrong and right. They don't do the work for us. They teach how to do the work, and we do it ourselves."*
