

Restore The Glory Field House Campaign

Gifts in Memoriam and Honor

May 2, 2021 through November 2, 2021

The Holy Name Men's Club is proud to lead this opportunity to Restore The Glory to the Holy Name Alumni Field House. Thank you for your memorials and honors for the people who represent the fabric of one hundred years of Holy Name history.

**Please let us know if we missed someone so we can correct our records.*

Thank you for your continued support! Accomplishments for the Restore the Glory Field House project:

- The roof has been replaced.
- The windows have been removed and the areas around the windows and along the roof line have been repaired and prepped for future work. The windows have been covered with blue panels and gold letters representing the school colors and spelling out Holy Name Restore the Glory.
- Areas of the field house and the north wing of the school have been cleaned and prepped for future work.
- A Site Survey has been completed which will guide the first step of the work as the area is regraded for better water drainage.
- Building on past electrical studies a new Electrical Design proposal has been accepted and will provide the design for separating the electrical services between the school building and the field house.

Other than the site survey, this is the very first step in being able to begin the renovations.

- The Restore the Glory project is focusing on relationships with Foundations and we are happy to announce these successful collaborations!

**Stephen F. Dwyer Memorial Foundation
\$1,000,000 Challenge gift, Ryan Foundation
(Dr. Wayne L. Ryan and Eileen Ryan) \$250,000,
Lozier Foundation \$100,000.**

- An application has been submitted to the State of Nebraska for a grant providing funding through the CARES Act. Nonprofit organizations were invited to apply for funds for Capital Projects that were stalled due to the Pandemic. We need your prayers for a successful outcome for this \$1,500,000 grant! This grant would allow us to reach our goal of putting a shovel in the ground on the field house project in the spring of 2022.
