***INSPIRED BY THE PAST, BUILDING FOR THE FUTURE!***

**“Add love to the chalice of being and boil over with realization.” Rumi, Mathnawi III: 4740a.**

In late February, a group of more than 30 stakeholders for the Restore the Glory Capital Campaign for the Holy Name Alumni Field House came together to align the planning goals for this project. It takes time to raise the funds for a dream to become a reality. We are getting close enough with our fundraising to make sure that we have solid plans in place. With this in mind the group spent time brainstorming goals for the project. These goals match up perfectly to the dream that began a little over four years ago. Some of the goals for the renovation from stakeholders included: handicapped accessibility, updated gym floor, room to serve the children in extended learning programs, serve the neighborhood and Holy Name, modernize the building, including lighting and security, restrooms, update indoor and outdoor athletic and play areas providing space for more than one activity to happen simultaneously, provide an activity room and make the building technology friendly. Everyone is so excited to finally see the light in the tunnel for the second coming of the Holy Name Alumni Field House. The continued growth of the athletic programs, providing safe space for students in physical education classes, and the growth of extended learning

opportunities through our partner The Hope Center for Kids, the growth of community gatherings, all of this is possible only because of you.

The Restore the Glory campaign will increase the impact all of us can have on our community. Thank you for being part of our growth and thank you for making a difference in the lives of our current and future youth!

**Blessings from Fr. Carl**

The work of the Restore the Glory project is one of many community initiatives percolating for the safety and education of our youth in North Omaha. Holy Name has been a part of these community collaborations for over one hundred years. The CUES School System, which operates Holy Name School, All Saints School and Sacred Heart School continues their work of educating and empowering our children. A grand event known as “The Gathering” was held on May 26th. The Restore the Glory project filled a table in support of our children attending Holy Name School. So many blessings surround us each day as we work together for the good of all. You are an important part of this community and we need you to see that the Restore the Glory campaign becomes a reality for so many children. We desire to provide a place to live our Christian values as we offer after-school programs, expanded sports opportunities, and many other activities. I prayerfully ask that you consider supporting this great project with your gift.

**Hope at Holy Name School!**

Holy Name School began a partnership with the Hope Center for Kids in 2018. This partnership created a pilot after school program for 30-35 students.

The programming focused on the necessary structure and support needed during out of school time hours. The pilot program is growing! These children need the added space provided by the renovation of the Field House. Once renovations are complete expanded programming will be available to serve as many as 250 youth from this community in North Omaha.

  
**JOY OF GIVING**  
Look for us on May 18th!

**Happy Earth Day!**

Share the joy of our diverse community! You and so many others are the most important part of our past, present and future. We will continue to serve those who need us most!
