Harvest 2013: "Everyone Plays A Part"

"Everyone Plays A Part" was the theme for the 2013 Holy Name School Harvest event. Each year we open our doors to school families, alumni, parishioners and friends. This year was one of the most successful in the history of the eighteen years the event has been held. We enjoyed the company of more than 270 guests! We realigned strategy to reach our "young" high school alumni, those who graduated from the high school in the mid to late 1980s and "young" grade school alum who graduated eighth grade in the 1990s. A reduced ticket priced was offered for guests under the age of thirty-five, sponsorship of some of these tickets was provided by generous patrons for the event. But, most importantly we were blessed by our chair couple, Joe H88 and Chrystal Kozol. Joe and Chrystal truly understand the mission of this school and the need to keep building the alumni base through the later high school years and beyond with eighth grade graduates.

The successful event brought in over \$82,000 to support the school. Our families and students will receive more than \$20,000 toward tuition assistance due to the great generosity of all who attended the event. A great number of volunteers "Play A Part" in this success. Over 125 volunteers gave of their time in so many ways; soliciting gifts, writing thank you's, mailing invitations, working the silent auction tables, running the dinner service and so much more! Thank you to everyone who "Played A Part".

FROM THE PRINCIPAL

Work...Work...Work... Yes, we are asking our Holy Name students to come to school ready to WORK! Reinforcement of their job as a student worker is provided by our new “World of Work” (WOW) program. Using the 21st Century Skills of the Workplace as a template, this program provides lessons and practice opportunities for workplace skills that lead to personal success and classroom harmony. Students are learning how to be productive workers together despite individual differences. “Student” is their job title and salary compensation comes in the form of performance reports at the end of each quarter and a diploma at the end of 8th grade...with a few other incentives along the way!

The history of our company/student product is impressive! 99% graduate from high school in 4 years. It is our hope that this program will enhance that success story and equip our graduates with confidence in their abilities to work with people of all different nationalities and family circumstances. As adults we all recognize the difficulties and the necessities of this task. Our WOW program gives students the experience necessary to take “workplace/classroom” issues in stride and move forward to achieve successful results of personal and community tasks. Anyone wishing to invest in our student product or visit the workplace is encouraged to call for more information.

Thank you for your continued support. God Bless each of you and your families.
